

Thank you for your interest in the Meadows Barn Team! We're always excited to welcome new volunteers to help care for our horses and support the important work we do here.

Barn Team meets on both Wednesdays and Fridays from 2:30 - 4:30 PM. Youth under 12 years old need to be accompanied by a parent or guardian.

Some of the barn chores you'll assist with include:

- Cleaning water troughs
- Scrubbing grain buckets
- Mucking paddocks
- Filling hay nets
- Moving ranch panels
- Feeding hay and grain
- General barn housekeeping

To participate in barn team, individuals must be able to safely self-manage once assigned a task. For individuals who are interested in learning ranch work and horse care but require additional support, we kindly direct you to our [Community Connection Program!](#)

All necessary forms are available on our [website](#) and should be filled out prior to your first shift.

Please don't hesitate to reach out if you have any questions!
